

Rainbow script. Put two mics on stands centre stage. Note that Rainbow tune is about 27 secs, and fades. Watch out it does not run into track 2.

Rainbow theme tune plays. Geoffrey walks on with the rainbow.

Geoffrey Rainbows at Christmas. Rainbows at Easter. Hey ho.
Up above the streets and houses
Rainbow climbing high
Everyone can see it smiling over the sky
Paint the whole world with a rainbow

Megan Excuse me, I thought this was suppose to be a dance group?

Geoffrey
Ah yes – well I'd like to introduce my friends
Ladies and gentlemen please welcome Bungle

Rainbow theme tune plays again. Bungle comes on and does a turn.

Bungle: I'm not sure about this idea Geoffrey. The other two haven't been practising

Geoffrey: Yes yes. The other two. Ladies and gentlemen, my next friend is a little shy, so please give him a big round of applause. Please welcome up on stage, that well known, soft speaking, shy pink hippo, George

Rainbow theme tune plays again. George comes on, sheepishly, does a half hearted turn, and says

George I'm really not sure about this Geoffrey. I don't think I can do this dancing business. Couldn't we just sit and watch the nice children?

Geoffrey Don't worry George it'll be all right. And now ladies and gentlemen please welcome the third member of our dance troupe, Zippy

Rainbow theme tune plays only until Zippy gets to centre. Cut short. Zippy comes on, knocks Bungle and George out of the way, and says

Zippy Oh yes. It doesn't matter about these two Geoffrey cos I'm the best dancer round here and that's all the people want to see. Isn't that right audience.

Now Rainbow theme plays full 28 seconds. Zippy dances.

Geoffrey Right well you three we'd best get going with the dance routine. These people are waiting

Zippy I say Geoffrey did you see that nice boy and girl playing the piano earlier. They were very good weren't they

Geoffrey Yes they were Zippy I

Zippy I can play piano you know Geoffrey. I'm very good at it

Bungle You're not Zippy you've never been musical

George I really don't think you're as good as the children Zippy

Zippy Oh yes I am. I'm a brilliant piano player. I'll show you

Zippy goes down to the piano. Sits very seriously in preparation. Milks it as long as he can. Then bashes away at the piano, shouting loudly "Up above the streets and houses..."

Bungle George and Zippy run down and pull him off the piano, back up on stage. Zippy screams until they Zip him up

George You can't play the piano Zippy. You'll be frightening the children

Bungle Yes and that Mr Williams will be writing negative comments in your planner and you'll be in detention. I'll tell him what you did.

Geoffrey Well that's enough of that. Now let's do this dance routine. First line up. Then three steps to the right.
Then three to the left
Then a turn.

Etc.

Rainbow theme tune plays. Dance done.

Geoffrey Thank you ladies and Gentlemen. And now I'll hand you back to Rod Jane and Freddie (*Megan Will and Laura*)

Later in show. George, Bungle and Zippy do the raffle at half time.

Earlier in show.
